

THE ERWIN PARK “Hydration Station” IS COMPLETE! 😊

A grant to repurpose the existing chlorine building at Erwin Park was made possible through the Northern New York Community Foundation | Kenneth V & Jeannette Remp Sawyer Community Fund

THE VILLAGE OF BOONVILLE STREET DEPARTMENT CREW RENEWED THE BUILDING BY ADDING THE FLOOR, WALLS, CEILING AND WINDOW TO USE AS AN AREA FOR VENDING MACHINES AND SAFETY DURING STORMS. VENDING MACHINES WITH DRINKS AND SNACKS ARE INSIDE FOR PURCHASE IF YOU WISH WHILE YOU ARE SPENDING TIME AT ERWIN PARK.

Thank you for your generosity, providing us with funding to enhance our public facilities!
