Calling All ACS Neighbors: Help Shape the Boonville Life Center

The Life Center Collaborative is growing — and we're excited to begin planting roots in Boonville!

We believe rural communities are strongest when we come together across differences to listen, support, and create spaces that help everyone feel seen and valued. The Boonville Life Center will be built on that same foundation — a place of connection, healing, and belonging for all living in the Adirondack Central School District.

To guide this next step, we're forming a **Boonville Advisory Council** made up of local residents who care deeply about their community and want to help shape the vision, programs, and partnerships of the new Life Center.

We're looking for a diverse group of neighbors — parents, youth, seniors, educators, business owners, faith leaders, individuals in recovery, and anyone with a heart for making Boonville a more connected, compassionate place. No special experience is required — just a commitment to kindness, collaboration, and community.

Advisory Council members will meet monthly (about one hour) to share ideas, identify local needs and strengths, and help ensure that the Boonville Life Center reflects the values and spirit of the people who call this area home.

If this speaks to your heart, we'd love to hear from you!

 **Apply or nominate someone you know by November 14, 2025**
